VA Cold Call Script

Everything you need to run calls, qualify sellers, and hand off leads.

Your Job

You're calling property owners to qualify them for an all-cash offer. The goal isn't to negotiate - it's to get them interested and capture every detail so the team can put together the best offer. Be as specific as possible on every answer, and keep it conversational.

The Opener

“Hi [name], how are you doing today? My name is [your name]. I know this is a little out of the blue - I'm reaching out because we're interested in making an all-cash offer on your property at [address]. We cover all closing costs, there are no agent fees, and we buy as-is. Is that something you'd be open to?”

“Great - I just want to ask a few questions about the property so we can put together the best offer possible. Is that okay?”

Qualify on the 4 Pillars

Capture all four in detail.

1. Price

“First things first - what are you looking to get for the property?”

Just capture the number and the reasoning. Don't evaluate or negotiate - that's handled on the offer call.

2. Condition

“Let's walk through the condition so we understand what we're working with.”

- Overall rundown - anything significant to know about?
- Beds, baths, and square footage.
- Roof age / last replaced, any leaks, and HVAC age.

- Any plumbing or electrical issues.
- Any repairs or updates in the last few years.

Then ask this (it sets us apart from other wholesalers):

“If you were planning to keep the house and fully update it, what would you focus on first?”

Occupancy - ask the set that fits:

- **Tenant:** rent amount and if current, lease end date, relationship, would they move if needed?
- **Vacant:** how long empty, last checked, why it hasn't been rented?
- **Owner:** how soon to move after closing, another place lined up?
- **Distressed:** how long there, allowed or not, any removal process started, would they leave if compensated?
- **Multi-unit:** how many units, all occupied, rents at or below market?

3. Motivation

Ask if there's a loan on the property or if it's owned free and clear. Then:

“I think I've got the full picture on the house. What's been going on that made selling something you're exploring?”

Listen for urgency, stress, or flexibility - how they say it matters as much as what they say. Keep it warm and low-pressure.

4. Timeline

“If everything makes sense on both sides, when would you ideally want to get this sold?”

Close Every Call

1. **Ask for photos** - so we can see the inside. If they don't have any, ask if they can grab some.
2. **Check for more deals** - “Any other properties you've thought about selling?” If yes, run the pillars again.
3. **Lock the callback** - tell them to expect a call within 24 hours with an offer, and that it'll come from my personal number and give them that number to write down (Request my personal phone # if you don't have it yet)

Always get the callback. Never end a call without one - and always let them know a personal number will be calling so they recognize it.

Voicemail Script

Leave a voicemail on every call you can. Keep it short.

“Hi [name], this is [your name]. I know this is a little out of the blue - we're interested in making an all-cash offer on your property at [address]. We cover all closing costs, no agent fees, and we close as-is, quickly. If you're open to it, give me a call back at [number]. Thanks, and have a great day.”

Send the Lead

As soon as you have a warm lead, text it in WhatsApp right away. Include the phone number, address, seller's name, and all your notes from the call (the four pillars, in detail).

Example:

Phone: 919-270-XXXX Address: 1428 W Oak St, Rockford, IL 61103

Price: Wants around \$240K. Asked for an estimate but \$240K is her target.

Condition: 3 bed / 1 bath New finished basement, plus new siding. Roof ~3 yrs old, No known plumbing or electrical issues. If she kept it, she'd redo the kitchen first.

Occupancy: Owner-occupied. Needs ~30–45 days after closing to move.

Motivation: Relocating out of state to be near family. Will only sell if the equity is worth giving up that 2% rate - motivated, but price-sensitive.

Timeline: Flexible, ideally within 60 days if the number works.

Photos: She has some and will send to your number once you call

Callback: Best time to reach them is weekdays after 4pm

End-of-Day Report

Send this at the end of every day:

EOD report for today:

Notes: short summary of the day - call quality, list quality, anything worth flagging.
